-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

### Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

## **DETAILED ACTION**

### ***Information Disclosure Statement***

The information disclosure statement filed December 28, 2004 fails to comply with 37 CFR 1.98(a)(2), which requires a legible copy of each cited foreign patent document; each non-patent literature publication or that portion which caused it to be listed; and all other information or that portion which caused it to be listed. It has been placed in the application file, but the information referred to therein has not been considered.

Foreign Patent Documents EP-0276582 and DE-3702416 were not found in the file and not considered.

### ***Claim Rejections - 35 USC § 101***

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 1 – 14 are rejected under 35 U.S.C. 101 because the disclosed invention is inoperative and therefore lacks utility. The limitation/s of claims 1 and 6 where “each opening can be connected through over the straight interconnection or over one of the curved paths to each of the other three openings” does not appear operative by Applicant’s structure as illustrated by Au-Yeung, thus lacks utility.

Applicant’s device comprises the same structural connections as illustrated by Figs. 1A-1D of Au-Yeung. When the straight interconnection (14) is connected to opposing ports 1 and 3 (Fig. 1B), curved paths (16) and (18) are not connected to the other two openings identified as ports 2 and 4. Similarly, when the curved paths (16 or

18) connects only the respective opposing port opening and said curved path does not connect to the other two ports, thus claims 1 – 14 are rejected under 35 U.S.C. 101 because the disclosed invention is inoperative and therefore lacks utility

***Claim Rejections - 35 USC § 112***

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1 – 14 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention.

For reasons of rejection with respect to the rejections under 35 U.S.C. 101 above, claims 1 – 14 are further rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement.

***Conclusion***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dean O. Takaoka whose telephone number is (571) 272-1772. The examiner can normally be reached on 8:30a - 5:00p Mon - Fri.
